

## DOMESTIC VIOLENCE COUNTS REPORT NORTHERN MARIANA ISLANDS SUMMARY

On September 4, 2024, **1 out of 1 (100%)** identified domestic violence programs in the Northern Mariana Islands participated in a national count of domestic violence services conducted by the National Network to End Domestic Violence (NNEDV). During the 24-hour survey period, participating programs served **53** victims and shared the following additional information.

### 53 Victims Served

**53** adults and children found refuge in emergency shelters, transitional housing, hotels, motels, or other housing provided by local programs.

While no victims received non-residential supportive services on the survey day, these essential services still require funding to keep them available all year long.

### 0 Hotline Contacts Received

Domestic violence hotlines are lifelines for victims in danger, providing support, information, safety planning, and resources via phone, chat, text, email, and more. Programs need funding to keep their hotlines available.

### 0 People Educated

While programs did not provide educational sessions during this period, addressing topics like domestic violence prevention and early intervention are important throughout the year.

### 0 Unmet Requests for Services

While programs did not report any unmet requests during this period, there is still a tremendous need for increased funding to ensure programs can provide comprehensive services to all survivors seeking help while working toward preventing violence in their communities.

Table 1: Services Provided on 9/4/24	% of Programs Providing Services
Children's Support	100%
Emergency Shelter	100%
Transitional or Other Housing (run by DV program)	100%
Court Accompaniment or Legal Support	0%
