MAKE A DIFFERENCE...

BY BELIEVING IN OUR MISSION:

As you can see, your contributions have helped us to do so much. Through all of our programs and initiatives, we work passionately to make domestic violence a national priority, change the way society responds to domestic violence and strengthen domestic violence advocacy at every level. We sincerely thank you for your ongoing support of and efforts toward helping us achieve our mission.

BY ASSISTING SURVIVORS:

The achievements we have made honor both those who have received help as well as though who remain, or sadly will become, victims of this crisis. As the stresses of the current economy continue to weigh heavily, the number of domestic violence incidents continues to grow. Not only must we continue our efforts for those we care for, but we must also prepare to help new victims to become survivors.

BY SUPPORTING OUR WORK:

Please join us by renewing your support. If you can, please consider increasing your support this year. The strain of the economy has made it more and more difficult to connect victims with the life-saving services they need. We know that times are hard for everyone but by making a donation today, you will ensure that NNEDV is able to continue helping victims escape violence, find safety and overcome the many obstacles they face in healing from abuse.
