

FACT SHEET ABOUT HIV/AIDS & DOMESTIC VIOLENCE

WHAT WE KNOW ABOUT HIV/AIDS...

- Human Immunodeficiency Virus (HIV) is the virus that can lead to Acquired Immune Deficiency Syndrome (AIDS).
- HIV is transmitted through **blood, semen, vaginal secretions, and breast milk.**ⁱ
- **One in four** people living with HIV in the United States are **women.**ⁱⁱ
- While there is currently **no cure for HIV**, **early medical care and treatment** have the greatest effect on **prolonging life** and lowering your risk of transmission to others.ⁱⁱⁱ

WHAT WE KNOW ABOUT DOMESTIC VIOLENCE...

- Domestic violence (DV), also known as intimate partner violence (IPV), is an act or pattern of acts involving the use or attempted use of **physical, sexual, verbal, emotional, economic,** or other forms of abusive behavior in order to **harm, threaten, intimidate, harass, coerce, control, isolate, restrain, or monitor** another person.^{iv}
- **One in four women** will experience domestic violence in her lifetime.^v

WHAT WE KNOW ABOUT THE INTERSECTION OF HIV/AIDS AND DOMESTIC VIOLENCE...

- **At double the national rate**, 55% of HIV-positive women have been found to experience DV.^{vi}
- Victims of domestic violence are **48% more likely** to be infected than women in non-violent relationships.^{vii}
- Women experiencing DV are at a higher risk for HIV/AIDS because they might...^{viii}
 - Be forced to have **sex with an infected partner**
 - Have **limited ability to negotiate safe sex practices**
- Women living with HIV who have been recently abused are more than **4 times as likely** to experience **antiretroviral therapy failure** or to **not practice safe sex** compared to women who have not been recently abused.^{vi}
- In a study of HIV service providers, **24%** reported at least one patient who **disclosed their HIV status** and then **experienced physical abuse.** **45%** of providers had patients who **feared physical abuse** upon disclosure.^{ix}

ADDITIONAL RESOURCES:

- Find more information in the *Positively Safe Toolkit*, **HIV/AIDS Resource Guide** and **DV Resource Guide**, on HIV/AIDS and domestic violence.
- For more information on power and control used by perpetrators please review the **Power & Control Wheel** in the *Positively Safe Toolkit*.
