## 755 Hotline Calls Answered

❖ **A survivor came to us after her abusive partner had discouraged her from pursuing a career. Through one of our community partnerships, she learned to write a resume and just had a successful job interview. She told us, “You changed my life! He said I couldn’t do this, and now I’m doing it!”**

## 1,360 Individuals Attended Prevention and Educational Trainings

Community education is essential to raising awareness about domestic violence and the resources that are available to victims, while promoting prevention strategies. On DV Counts Day, local domestic violence programs educated 1,360 individuals in communities across Pennsylvania. Advocates provided 59 trainings that addressed domestic violence prevention, early intervention, and more.

## 491 Unmet Requests for Services in One Day, of which 59% (288) were for Housing and Emergency Shelter

Victims made 491 requests for services—including emergency shelter, housing, transportation, childcare, legal representation, and more—that could not be provided because programs lacked the resources to meet victims’ needs. Increased funding will enable domestic violence programs to provide comprehensive services to all survivors seeking help and to prevent violence in their communities.
