Domestic Violence Counts

• 24-hour snapshot of the life-saving work that victim advocates do to help victims
  – # of adults & children served
  – # of requests that went unmet due to lack of resources

• Data is used to create a yearly report
16th #DVCounts Report

• On September 9, 2021:
  – 1,536 out of 1,914 (80%) programs participated.
  – 70,032 victims served by DV programs.
  – Advocates answered 20,701 hotline calls.
  – 9,444 requests for help went unmet due to lack of resources.
  – 64% of those unmet requests were for housing.
Impact of the DV Counts

- Used to support 2023 appropriations campaign to show need for funding across the country
- Held a widely attended virtual Congressional Briefing to promote the report
  - Held in cooperation with Senator Bob Casey (D-PA), Senator Lisa Murkowski (R-AK), Representative Lucy McBath (D-GA) and Representative John Katko

Before Survey Day

• Read the survey packet in it’s entirety.
  – Download the survey packet at nnedv.org/DVCounts2022
  – Begin gathering info
  – Know the info you need to keep track of

• Listen to webinar recording – familiarize yourself with the form/questions
Before Survey Day

• **Identify:**
  – which staff member will be responsible for collecting the information
    Which staff member will enter the information online.
  – **NOTE:** If your program has more than 1 location, identify who will
    collect numbers at each location and send them to 1 person to combine,
    and **only submit 1 form.**

• **Discuss** how you will count the number of people served and the
  number of requests that your program was unable to meet.

• **Ask** your colleagues for answers to questions to which you may
  not know the answer.
Before the Survey Day

• Email **DVCounts@NNEDV.org** if you have any questions about the survey or submission
  – Please review the FAQs closely

• Please do not attempt to fill out the electronic survey until you are ready to submit your entire set of responses.
  – Feel free to fill out the entire form on paper for easy and very fast entry into the electronic version.
  – Partial or empty responses interfere with the data collection process.
On the Survey Day

• Keep track of this info during the survey day:
  – Questions 6-19
    • Number of people served
    • Number of hotline contacts received
    • Number of total trainings & people trained – volunteers, community members, schools (not trainings for survivors or staff)
    • Number of unmet requests
  – Part of question 20
    • Was this service provided on DV Counts day?
Do I Count? Who Do I Count?

• Only asking for data from organizations that have domestic violence as one of their primary purposes.
• Only asking for domestic violence data.
  – What if we’re a dual program?
  – What if we’re housed in a larger social service agency (such as a YWCA)?
• Should we count individuals served in our batterer intervention services?
Common Questions

• What if we didn’t serve anyone?
• Our numbers are really low. Should we bother?
• What if we have more than one location? Do we count them separately or together?
• What if we’re in more than one state?
Paint a Picture – Keep it Simple

• Narrative Questions: 14, 19, 23-26
• Refer to our advice in the *Tips on Telling a Compelling Story* document
• Share with us stories that explains—
  • Why the work you do is critical to so many people.
  • Why being unable to do your work is devastating to your community.
  • Why it is essential that you are supported in your work.
Telling a Compelling Story

• Convey **how the survivor felt**.
  – It is especially compelling if the survivor articulated these feelings to you and you can actually recall his/her words and provide them in a short quote.

• Tell us **how your advocacy helped** a survivor (see examples).

• Tell us about the **perceived impact** of the unmet request

• Do not share details that could identify the survivor.
  – Fake Names and anonymize
  – No personally identifying information
Examples

• “A survivor we worked with told us how grateful she was for meeting people who were knowledgeable, loving, and caring. She said she felt truly safe for the first time in more than a decade.”

• “We assisted a survivor apply for a VAWA self-petition. Her husband abused her for years and told her that she would be deported if she went to the police. After working with us, she told us that she felt ‘free as a butterfly.’”

• “A woman in our shelter told us she had nowhere to go and told us that we ‘saved her life.’”

• “While the children in shelter were doing their homework, I noticed one of the young boys crying. I asked him what was wrong and why he was crying. He said that nothing was wrong and he was just happy to be here and he loved all of us. He told me that no one had ever cared for him and his mom so much, and asked if they could keep staying because he’s scared they’d have to move again. I told him that we had an apartment for them and they would never have to go back.”
Frequently Asked Questions (FAQS)

• Begin on Page 17

• We cover everything from general questions, to programs with multiple locations, to text lines, and much more!

• If the FAQs don’t answer your questions, email us at Dvcounts@nnedv.org so we can assist you

Public Training

Public training refers to training efforts to specific groups or to the community at large that increase public awareness about domestic violence, improve responses to survivors, enhance services, or mobilize action.

Some examples may include training partner organizations, community forums, presentations to students, or volunteer training.

NOTE: Due to the COVID-19 pandemic, we recognize that programs are providing fewer in-person trainings. The number of trainings and number of individuals trained should include both in-person and virtual trainings provided during the survey period.
Public Training

Q. We did a training today for our volunteers. Does that count as a public education session in questions 12 and 13?
A. Yes. Please count the number of volunteers who attended this training and include this as a training session.

Q. We were interviewed on the radio or by a reporter during the survey day. Does that count as a training/education session?
A. No. While working with the media is important, interviews should not be counted as training sessions.

Q. We provided training at a conference today. Do we count the number of attendees who attended the entire conference or just the number of attendees who attending our training?
A. Only count the number of attendees who attended your training/session; not the total number of attendees who attended the conference.
Most Common Definition Question: What Is an Unmet Need/Request?

• An unmet need or request is when someone asks for a service that your agency cannot provide because of resource constraints.
  • This **should** include requests that you could not meet and referred to another agency.
  • This **should** include requests that you were unable to meet, even though you provided another service.
  • This **should not** count individuals who make requests outside the scope of your program’s domestic violence-related services.
• Count number of unmet requests, not individuals.
After the Survey Day

- After the survey day, go to nnedv.org/DVCounts2022 to access the survey link
